

WHO is Oxford's Covered Market?

Exhibition Sponsorship Opportunity

The project, entitled “**WHO is Oxford’s Covered Market?**” has been created to celebrate the people and personalities behind this fascinating and high-profile market.

In an innovative project, awarded a maximum “Your Heritage” grant from the HLF, we have brought together professional expertise, traders, primary school children, academia and influential local volunteers.

The exhibition, due to run from January 2011 to March 2011, will bring together all of the creative elements of this initiative. We aim to “capture the market experience in a bottle” and to use this to raise its profile and develop a new brand identity.

We are looking for a local company to be involved as a sponsor, to benefit from being a high profile part of this great business-community-schools initiative and to maybe reach new audiences in a new way.

This is your chance to become a part of Oxford’s heritage. We are not just looking at history, we are actually making our own for future generations.
